

Dear Don,

A few lines to thank you ever so

much for sending me over the 40 pages of

your rotary beam and 852 card. They

arrived safely and I was so pleased to

receive them.

Now I must apologize for sending you

only 40 852 no appendix, but I was cutting

back those sketches and the trace

mechanism of the time away as I was

working it and it's happened to me

~~many of the sketches~~

excuse. A cutting concern has objected to

the HT being left in (the cathode ray was

other thought) and decided to fade it and

take a quiet tear too. The covering iron wasn't

changed in and of nature it would take days

hours or so to get on the air again so I was

helpless to answer you as you called me again

of which VK6WH does today the next evening and the

asked me what happened and I have also the

VK7GR the story so no doubt you have heard

it by now.

Why is it in a temporary condition

at the moment but I am gradually getting
