

147 Scamander Ave.,
Scamander, 7215.

18th December 1998

Dear Richard,

The President of the St. Marys RSL has handed onto me some photos of the late Bob Jackson, VK7NBF. I thought that they should be preserved in our WIA archive.

I have numbered the backs in pencil for identification as follows:

1 and 2: photos of Bob with the plaque presented by the police for his assistance in marine S&R communications over the years.
2&3: Photos of Bob and the late Athol Newman of Scamander taken on the occasion of the visit of an RAAF Dakota to St. Helens in May 1991. Both were veterans of the Middle East and New Guinea, had flown extensively in Dakotas during the war, and had been driven in my 1942 jeep to the airfield on the day of the visit. I think the photos of them sitting on the bumper had been taken by the RAAF crew.
5: Bob receiving his award as Break o' Day citizen of the year in 1995 from Mayor Robert Legge.

All the best for Christmas and 1999.
Catch up with you in Hobart sometime.

Regards,

Philip Corby
