TREASURER

Mr. J. Dore
VK7JD

SECRETARY

Mr. K. Spiegel
VK7KS

Registered at G.P.O., Hobart, for transmission by post as a periodical.

GENERAL MEETING :

The next monthly meeting of the Division will be held in the Club Room , 147 Liverpool St., Hobart on Wednesday 1st., JULY 1964 at 2000 hours.

The Lecture to be ably presented by Len Edwards, VK7LE, will be (wait for it)

" Predictable Long Distance Radio Communication via the Satelite Ionisation Phenomena".

From a very reliable source - This is a lecture YOU should make every effort to hear.

NORTHERN ZONE :

The next meeting will be held on Friday, 10th., JULY at 2000 hours.

Meeting place is at 102 Charles St., Launceston. No details of the evenings activities have been received. (Editor)

NORTH WESTERN ZONE :

The usual monthly meeting will be held in Lakin's Hall, Ulverstone, on Tuesday, 7th., JULY. No information received regarding activities.

IF A TICK IS MADE IN THIS BLOCK
YOU ARE NOT FINANCIAL . THIS
WILL BE YOUR LAST BULLETIN -
AND YOUR SUBSCRIPTION TO " A.R."
IS CANCELLED.....

V.H.F. GROUP :

The next meeting of the V.H.F. Group will be held at the Club Rooms, 147 Liverpool St., Hobart, on Wednesday 15th., JULY at 2000 hours. Our new President, Barney Watson cordially extends an invitation to all Amateurs....

COUNCIL MEETING :

The Council Meeting for July will be held at the Club Room on Monday, 20th., July at 1930 hours.

SUBSCRIPTIONS :

Subscriptions received since June Bulletin to 18. 6. 1964.

Acknowledgements and thanks to the following ; VK7DS; VK7SW; VK7DA; VK7LR; VK7FM, VK7CA; VK7ZAL; E.Bevis; R.Davis; D.Marsland; I.Parkin; 13th., Hobart Scout Group; G. Cannock; R.L. Harwood; Mrs. I. Nicholls.

I. T. U. FUND :

Received with thanks subscriptions to I.T.U. Fund - as from June Bulletin. -; VK7TT; VK7SF; VK7ZAH.

S. W. L. GROUP :

The following S.W.L. numbers have now been officially allocated, would members concerned please note - L7030 - I. Eadie; L7031 R. Mutton; L7032 R.Geeves; L7033 B.Muir.

V. H. F. NOTES:

Unfortunately there are not any V.H.F. notes from Wilf this month, however I have received some from Leigh Pretty of the Northern Zone - thanks a lot Leigh, also for the technical article enclosed. Thanks also to Geo. Groves for his technical Article - a little assistance of material for the Bulletin from members is greatly appreciated.

Very little has happened on the bands lately, but apparently there is quite a bit about to happen.

Jim, VK7JO, has 2mx. equipment near completion, which will add another V.H.F. station to the ranks.

Bob, VK7ZAL, will be coming up from the South shortly, complete with rig, for a stay of 6 months. We extend a hearty welcome to you, Bob, and hope to see you at our meetings. Kevin, VK7ZAH, has been heard lately with a mobile signal.

He will be on quite frequently as he passes through Launceston.

Len, VK7BQ, and Reg, VK7RL, are still working on 432 and Len has just finished a Xtal locked converter.

A section of the Morse practice from VK7NZ/P is now being conducted at 2 or 3 w.p.m. so if you are just starting to learn the code, here is a good chance to get some at a good slow speed.....

Terry, VK7CT, sorry to hear that you have been ill O.M. On behalf of Council and Members, I sincerely hope you have a speedy recovery.

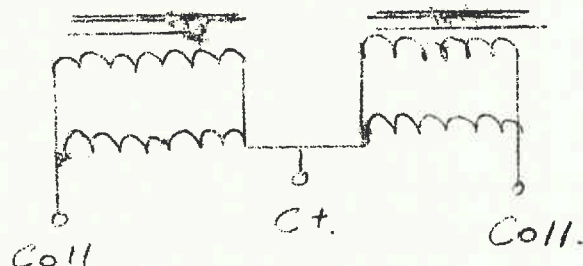

Lost, stolen, or strayed, last seen in the wild North Western area. Snow, VK7CH,

I mean. How about a few blows on the Key O.M. Long time, no hear....

SPLATTER : The Tasmanian Division has made another notch in its history, at least one of its members have. We have another Y.L. Licencee in the State - Miss. (soon a MRS.) Ann Landers, VK7ZYL, to be heard on 144 mcs. on a Sunday night. Congratulations Ann, you are to be admired for your determination and tenacity, I sincerely hope you continue and get your C.W. There is , I believe someone responsible for Ann's Progress - and it isnt Mike either !!!!!
No names etc. but we have another good Samaritan in our midst.

TECHNICAL :

Following the production of the " Do it Yourself " 30 watt transistor power supply, Ton, VK7AL wound a unit from the details and it wouldn't go!!!!!! Inspection revealed that the diagram of how to connect the windings had been wrongly drawn FOR the Editor (thats me) by the writer of the article (wont mention the name -) Innocence is bliss. Ed.,
The correct connections are as follows :

It would probably be easier to alter the original drawing than to paste this one in that is, if you can find the original !!!

APOLOGY :

Please excuse me for bearing the cause of the late publication of this Bulletin. I have just had a weeks well earned rest from my place of employment - (no rude remarks please) you worthy President woke me from my slumbers, and to my horror I was not a week ahead as I thought. Obviously a little distraught through over work !!!!!

Would my spies in the North and North Western Zones please buck up and send me some information, slander, or anything to help make a little news for the Bulletin - a little assistance from the South would be helpful - thanks.

73's until next month,

Ted Beard VK7EB
for Bulletin Committee.
