I. T. U. Fund

Received with thanks subscriptions from the following : VK7RX;

Believe it or not - no jaw bash this month - it is simply up to you.

RE - TENDER

The Class "C" Wave Meter submitted for tender in the June Bulletin, property of the late G.Ashman, VK7GA was tendered for, but as no tender received reached the reserve we are inviting all interested persons to re-tender. There is a power supply with the unit, both are in good appearance. Class "C" Wave meters are fetching well over £10 on the mainland - we are not asking that but at least make a reasonable tender.

AMALGAMATION

Two young members of the Division have decided that the only way to overcome the present cost of living problem, working on the basis, two can live more cheaply than one (who said that?) is to enter the state of matrimonial bliss. (I'll get a job on the piffle page yet - Ed.) Seriously, on Saturday the week - end before you get this Bulletin, Mike Jenner and Anne Landers are to be married at St. Mary's Cathedral, Hobart. On behalf of the Division I would like to extend the very best wishes to the happy couple.
