

CLUB REPORTS

VICTORIAN RAILWAYS INSTITUTE WIRELESS CLUB

A GOOD attendance of the above club on Thursday, the 15th inst., listened with interest to the lecture, High Frequency Amplifiers, given by Mr Steane, of Radio Doctors and Supply Co., Melbourne.

Mr Steane has offered to lecture again at a later date.

The work of constructing the short wave transmitter has been commenced. Members are keenly appreciative of the publicity given to the club's activities by 3LO, Melbourne, and The Listener In. Membership now totals over 70.

Tonight (Thursday, September 16), buzzer practice 7 p.m. to 8 p.m.; general meeting at 8 p.m. Members are invited to bring in their sets if same are not working satisfactorily, when the technical members of the club will advise and remedy faults, etc.

All railway men are cordially invited to join the club. Suggestions welcomed, and all information cheerfully given by Mr A. Kissick, M.W.I.A., hon. secretary, Room 58, Railway Buildings, Spencer street, Melbourne.

HOBART RADIO RESEARCH CLUB

THE second annual meeting of the Radio Research Club was held at the new club rooms, Elizabeth street, on Tuesday night, the 6th inst. There was a large attendance of members present. The president (Mr F. W. Medhurst) in submitting the annual report for consideration, congratulated the members for the amount of good work carried out during the last 12 months, and said the goodwill between members still continues. The club can look forward to an ever better report next year. He urged the younger members to take an interest in the club's activities.

The report was carried by acclamation.

The proposed agenda for the forthcoming Wireless Convention was fully discussed by those present, and it was decided to give the Tasmanian delegate a free hand so far as the experiments were concerned.

A letter was received from the W.I.A. Tasmanian Division, thanking them for their invitation to the annual meeting, and wishing the club every success.

After the election of officers for the forthcoming year, refreshments were served and various musical items were rendered by some of the members.

✻ ✻ ✻

COBWEB CASTLE SUITE

AN interesting programme for listeners who are able to listen during afternoons is that being presented by 3AR on Monday next. The Melbourne Piano Trio are providing the instrumental items and Miss Angel Evans the vocal work. Some well known composers are being interpreted by the Trio, which includes the "Cobweb Castle Suite," by Liza Lehmann. Miss Evans is singing "Hello, Tu Tu," a song which endeared the inimitable Margaret Cooper to the English public.

◆ ◆ ◆

Mr Ernest Sage

APPEARING in the programme of 3AR on the evening of the 20th inst. is Mr Ernest Sage, well known in Melbourne choral and oratorical circles. Mr Sage is a delightful baritone and his singing always calls for many appreciative remarks to 3AR.

◆ ◆ ◆

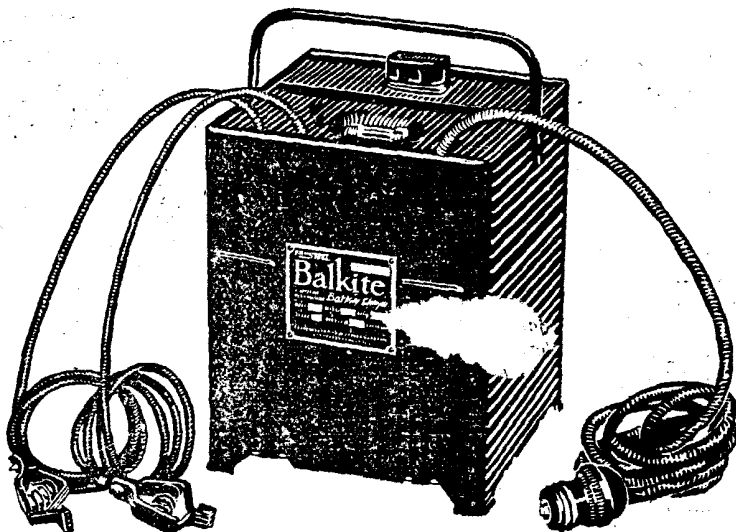

Popular Band

OWING to the popularity of band music, 3AR has included in its evening programme for September 23 the Essendon Citizens' Band, which is offering many interesting items. This broadcast should meet with all round appreciation.

Better Quality Radio Apparatus
Presents

BALKITE BATTERY CHARGER

They Simplify and Improve
Radio Reception

£8/15/- each

Balkite Radio Power Units simplify and improve radio reception. They reduce the amount of attention you must give your set. With their use your current supply never varies or is low—it is always exactly what is required for each circuit.

For the "A" circuit there are the Balkite Chargers. The advantages of the popular Balkite Battery Charger are obvious. Entirely Noiseless—it can be used while the set is in operation. If your battery should be low you merely turn on the charger and operate the set. The charging rate of ordinary "A" batteries 6 Volt. is 3 amps. or a 200-240 A.C. 50 cycle current.

NOISELESS — EFFICIENT — FOOLPROOF.

NO BULBS TO BREAK OR REPLACE—NO MOVING PARTS TO WEAR OUT—CURRENT CONSUMPTION IS REMARKABLY LOW

OBTAINABLE FROM ALL RADIO DEALERS.
